Surfactants Formulation Group Seminar

Keeping it clean: Surface treatment and modification

Cranage Estate, Holmes Chapel
Thursday, December 3, 2026

The way surfactants and other ingredients interact with surfaces plays an important role in cleaning performance. This one-day symposium will explore the effects of these ingredients on surfaces, as well as the role of actives in delivering additional performance benefits.

This Surfactants Formulation Group meeting will cover a range of topics, including antimicrobial actives, anti-deposition and antistatic properties, with talks from 9 speakers across the industry.

To book your place, either complete the booking form on page 3 and email it to enquiries@bcaorg.com or click [here](#) to book online. Registration closes on **Monday, November 23 at 5pm.**

We hope you can join us for an informative and engaging day!
