

**SAVE THE DATE!**

**Surfactants Formulation Group Seminar**

**New challenges for Surfactant Formulators, Regulations and Ingredients**

**Thursday, November 27, 2025**

**Cranage Estate, Holmes Chapel, CW4 8EW**

The regulatory landscape for surfactants is always changing for both formulators and producers. This also means that there is a drive to substitute many incumbent surfactants and polymers.

This SFG meeting will address the new regulations from the EU and UK in the next few years with talks from industry experts. It will also include focus on new materials and products which may help to overcome these challenges.

Reserve the date in your diary and look out for updates on speakers, timings and booking info!

We would also be interested to hear from anyone who wants to speak at this event, please contact the BCA office at [enquiries@bcaorg.com](mailto:enquiries@bcaorg.com)

Kind regards,
